

COVID-19 TESTING

COVID TESTS AVAILABLE IN THE COMFORT OF YOUR OWN RESIDENCE WE BRING THE DOCTOR TO YOU

We are happy to announce that our company Hacienda will make it easy for everyone coming with you to Cabo to be able to receive the mandatory COVID-19 tests that are now required for everyone over 2 years old flying into USA or 5 years old for Canada

We will have an English-speaking Doctor come direct to the privacy of your Residence and give everyone in your group the tests done with a nasal swab. Our Doctor is certified to administer both the Antigen and PCR tests approved by the CDC.

Free Antigen tests that are required for Americans and you get the results back in 24 hours or less.

For our Canadian travelers the PCR nasal swab tests for COVID-19 that are required for entry to Canada are free and you get the results back in 48 hours or less.

We will help you schedule your tests within 72 hours before your flight departs. As soon as our office receives your test results, our administrator Julie at Hacienda will email you an electronic medical certificate from our Doctor with your necessary documentation. She will also print out hard copies of the test results and give those to you and your group so you will be all set when you check in for your departure flight home. ✈

To arrange a time for our Doctor to come to your condo and administer the tests contact Julie at:

reservations@marinasolpremierproperties.com

Telephone from USA (619) 819-5081 or Telephone from Canada (604) 637-9761 or simply drop by our Vacation rental office in the lobby of Marina Sol Resort, we are open 6 days a week from 9am - 6pm.
